

Happy New Year!

Welcome to the latest issue of *Training Solutions*! In this issue we are excited to share with you some practical information on making your icebreaker activities engaging and meaningful for your participants. By incorporating highly effective warm-up activities, participants can better leave their busy lives behind and switch their focus to the learning experience.

We are also looking forward to the annual PDAS Summit on **Thursday, April 26th**. If you've never attended the Summit, it's a great chance to learn more about the best practices for facilitating training and technical assistance. *Mark your calendars!* We will be sending more information and the official invitation in the coming weeks.

Sincerely,

Luanne Platt
Director of PDAS

Save Time Taking Attendance

Ever wish for a faster way taking attendance at your training events? Consider The Registry App.

The Registry App is specifically designed to save you time and ensure accuracy in taking attendance.

The app is free and available in [Google Play](#) and in the [App Store](#).

Attendance Reminders

If you are facilitating tiered training, please make sure to enter complete attendance as soon as possible following your event.

The Registry app is a great way do this quickly and immediately at your training. If you are not using the app, please enter your attendance as soon as possible so the training is reflected on your attendees' learning records.

If you are facilitating Tier 4 training, please keep in mind that attendance is verified when your attendees submit their official college transcripts.
