

The Registry Credentials

Registry Credentials focus on job specific skills so students can apply the practical knowledge they've learned to their current positions. Registry Credentials are a stepping stone to advancement for any early care and education professional.

Credential Elements

- Credit based courses are taught through an accredited technical college or university located throughout Wisconsin
- Includes a Capstone Course—the final course culminating everything presented in previous courses
- Students present a portfolio or final project to a commissioner to determine mastery of skills
- Credentials are developed, verified and awarded by The Registry

The Registry Credentials

Administrator Credential is a six course, 18 credit sequence that helps develop the skills and competencies needed by administrators and directors working in programs.

Afterschool & Youth Development Credential is a four course, 12 credit sequence designed for any individual working in an out-of-school-time program for children ages five through twelve.

Family Child Care Credential is a four course, 12 credit sequence focusing on the unique aspects of family child care.

Inclusion Credential is a four course, 12 credit sequence focusing on the additional training and education professionals need when caring for children with special needs.

Infant Toddler Credential is a four course, 12 credit sequence designed for providers who work with children under the age of three.

Leadership Credential is a four course, 12 credit sequence exploring the importance of excellence and diversity in early care and education programs, and the role of vision and reflective practice in reaching these goals.

Preschool Credential is a six course, 18 credit sequence building upon provider's skills in the preschool setting.

Program Development Credential is a four course, 12 credit sequence exploring the role of Program Developer including both management and leadership roles.
