The Registry Statewide Training Calendar has a new look that will make for a better experience finding training. Now, the Filter Training menu located on the

left will never leave your screen, allowing you to easily adjust your search as needed.

Each training event that appears in your search will clearly show the details you need including registration information, length of training, and the trainer and/or training sponsor organization. Find the event description with just a click of the button.

## QUICK TIPS TO FIND TRAINING

1. The Registry Statewide Training Calendar has many ways to find training. You can search by event information (title, event ID number, etc.), Training Location, Training Content, Training Type, and Training Fee. You do not need to use every field. For best search results, try using only one or two of these fields.
2. If you have the event ID number for a specific training, it is easiest to find that specific training by typing the number into the **EVENT ID** field.
3. Be sure to click on the **SEARCH** button on the bottom of the Filter Training menu when you are ready to search.

## SEARCH BY TRAINING CONTENT
